We would like to Offer your drivers a year round meal discount that could save you (if you reimburse for meals) and your drivers hundreds of dollars every year!

By purchasing our Trucker Associate Card for only \$20, drivers can receive any meal on the menu at Heaven On Earth Restaurant for only \$7.95. All drinks are free and included in this offer! The card is valid for one full year from date of purchase. Drivers simply show their card to the cashier and get the deal!

Considering that most meals on the road average between \$10-14 dollars, not including a beverage, the savings with our discount program is substantial over a years time! Add the beverage, and the savings is even more!

If you do not reimburse or pay for driver's meals, this card would make a great bonus gift or appreciation thank-you gift to your drivers!

*You can purchase the cards online or by phone!

"If You Bought It, A Truck Brought It" logo was created and founded by Christine H. Jackson, owner of Heaven On Earth. Christine Jackson has supported and served the men and women in the trucking industry for over 36 years. Her great appreciation and realization of what these men and women do for America inspired the logo, "If You Bought It, A Truck Brought It", with the "A" in the center of the logo representing the great appreciation to the trucking industry.
